KINGSTON MIDTOWN ARTS DISTRICT

The Kingston Midtown Arts District (MAD) believes in the power of creative arts to be an agent of change.

Our mission is to provide access and support for the arts to advance, engage, unite, and enrich a vibrant community in Midtown Kingston.

We host numerous programs and events which support this mission. To do so, this small team relies on volunteers generously providing their time.

Volunteers are crucial in making our events dynamic and successful. We'd love to have you participate and lend a hand to support our Midtown Kingston community!
